[Credits to Seleim for the screenshots!! :D]

Sylbea/Beatriz is not who she is. She (Sylbea/Beatriz) is nothing but a homophobic and transphobic hypocrite of an asshole who thinks that SHE is a hero for encouraging Seleim to fucking commit suicide.

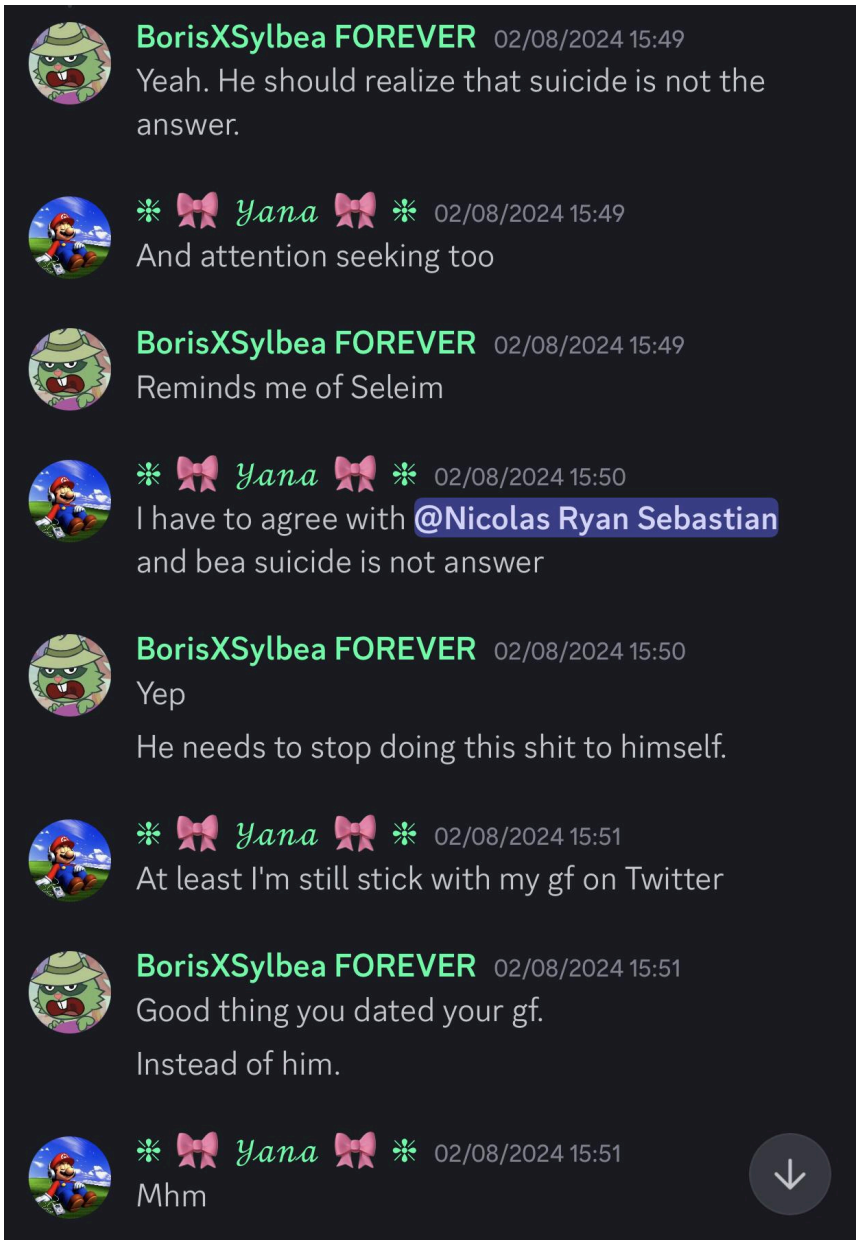
I do not fucking care if she apologized to Seleim and befriended her again. She needs to be held accountable for her horrible acts.

Sylbea/Beatriz has done the following:

- She letted a racist (Ebina) roam in her server with no consequence (there was evidence that Ebina said the n word, along with other slurs) (UPDATE: Ebina has been banned from sylbea's server, but I kinda needed to put this here)
- She, along with Ivan, encouraged Seleim to kill herself.
- She said that a trans woman is, "lying about being transgender," and, "is catfishing people by pretending to be a woman."
- She paired Seleim up with a groomer 5 years older than her (which we'll talk more about).
- She accused Seleim of pedophilia after sylbea cutted all contact with her (for some time it worked, until 2 deviantart status updates were posted down below)*
- Many other horrible things that'll be shown

*TMKEEPER'S DA STATUS UPDATE (this one's about sylbea/Beatriz and ivan)
*CANDY-DOES-STUFF'S DA STATUS UPDATE (this one also (i think) is about sylbea/Beatriz and ivan)

More about the part where Beatriz paired Seleim up with a groomer (5 years older than her), Seleim states that she (unfortunately) doesn't have a screenshot of it due to her telling Beatriz to remove it because of the manipulation towards her.
However, she (Seleim) DOES have a screenshot that **IMPLIES** it.



Oh, also. I forgot to mention that Sylbea has been stalking TMKeeper.
Seleim states that she only “supports” TMKeeper and Candy so she could accuse Seleim of being Sylbea’s enabler (which was the **absolute** opposite).

I feel bad for hating on TMKeeper

I unblocked them.

Because I feel getting manipulated by Seleim.

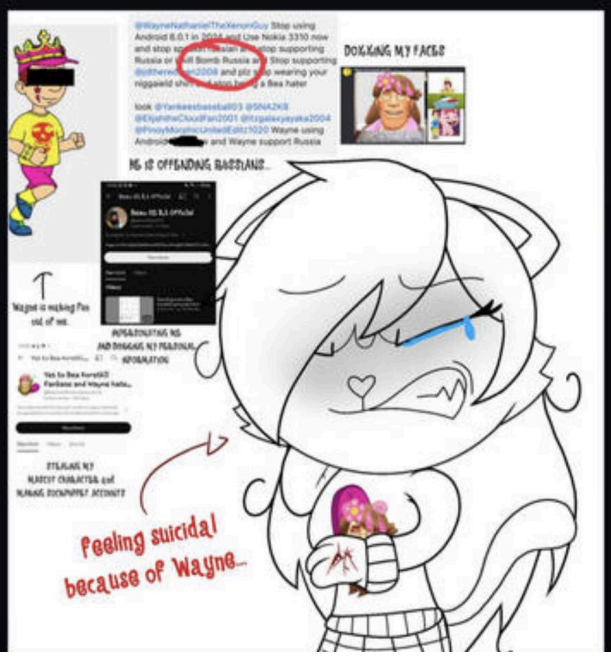
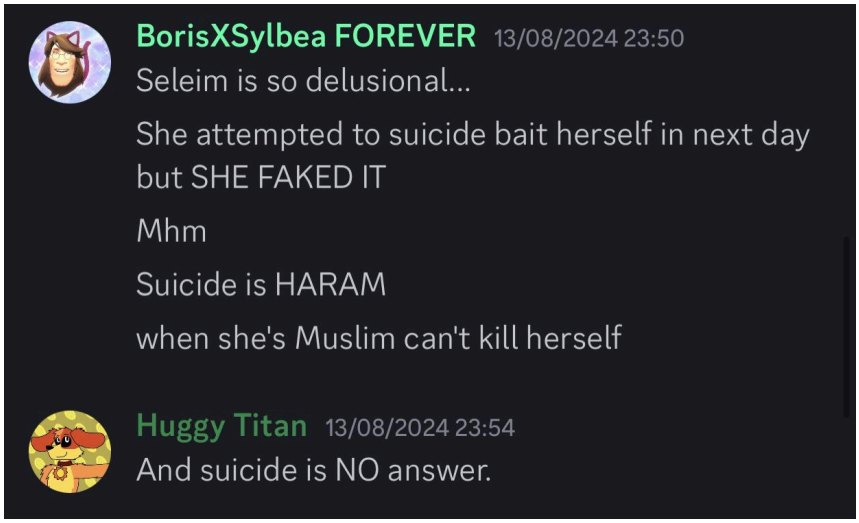
While I unfortunately didn't archive Bea Koretkii's "venting" post, I mananged to take a screenshot of said post and able to prove the post did exist. The screenshot took 3 days ago. I was only able to take screenshots a few of comments under the post.

Do this information as you will. I do not have any responsibility to things that will happen to her whatsoever.



Also, Sylbea is also very heartless, as she states that, “Seleim can't kill herself because she's Muslim.”



Here's more of Sylbea's and Ivan's shit! :D

(i was notified that Ivan is not friends with sylbea anymore due to the disgusting shit she did to him when he (Ivan) was 16 and sylbea was 18.)
(DO NOT HARASS IVAN.)

Ivan Tsapaev's Return Channel shared: Well this is your fault for ruining my life as like I said "2024 is shit" and you're basically blaming me over outta of context and the problem was that Japan has a earthquake and you have no reason to talk about me, basically you're slandering me as a pedophile over the trolling, which i am a likely minor. I am highly disgusted and shocked about you saying that "Laura likes to be groomed"

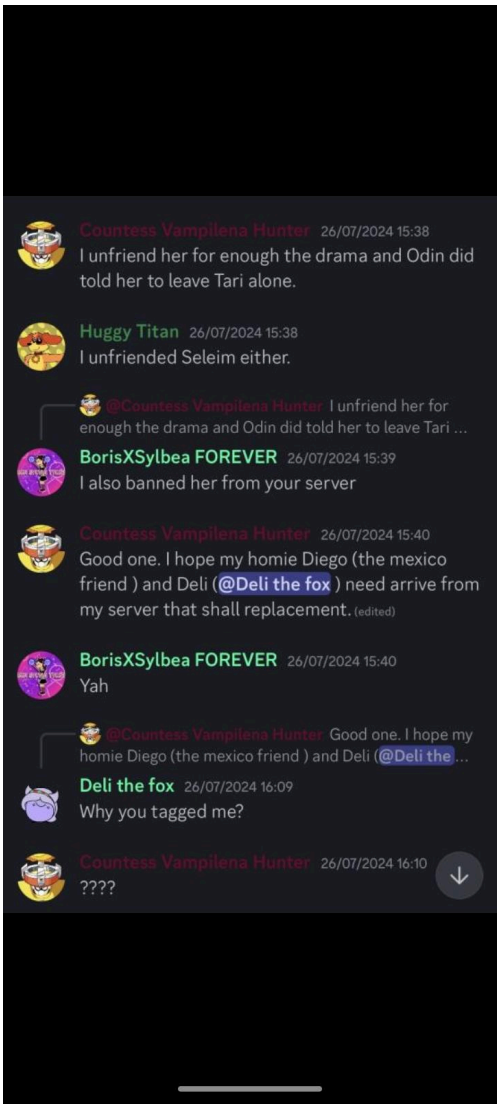
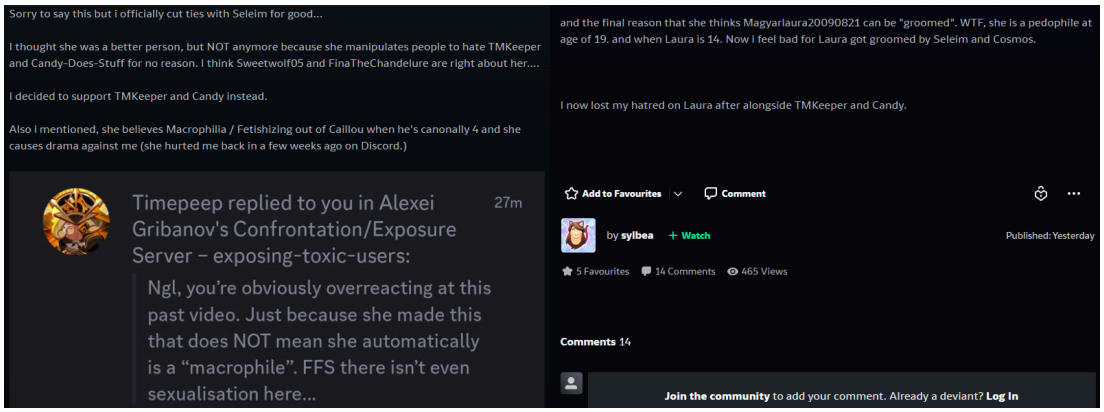
Huggy Titan 26/07/2024 15:31
Yep.

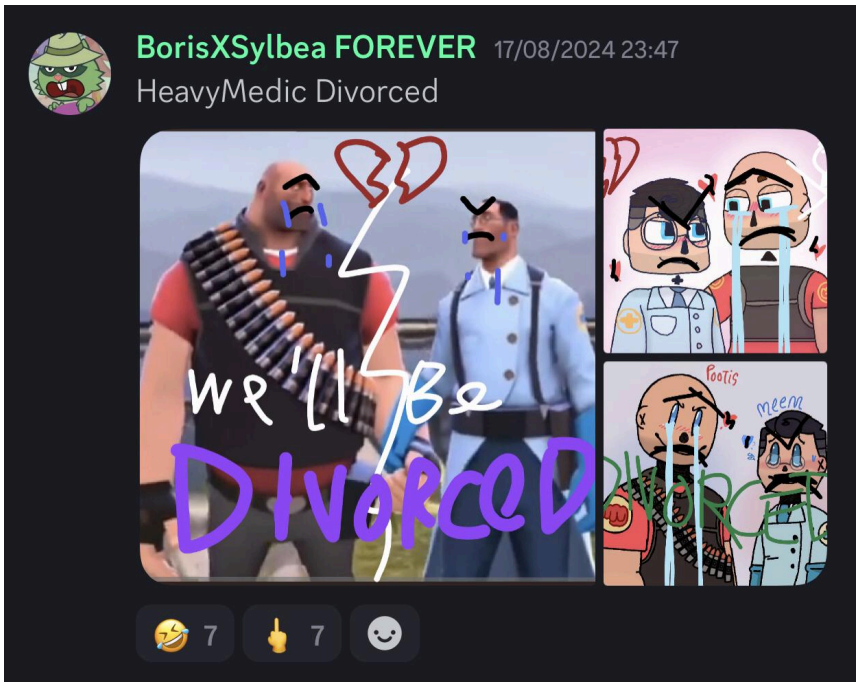


NOTE: Gianluca, Lygia, and Alexei doesn't support sylbea anymore, SO PLEASE DO NOT HARASS THEM.

And yes, Seleim has a screenshot about the lies sylbea made:



Even though Sylbea is LGBTQ+, she is shown to be a homophobe as shown in this screenshot (this was made over a damn law in Russia.)
[Which is ironic because she is friends with Alexei, someone from Russia that supports the LGBTQ+ community.]



So, in conclusion, Sylbea is a really bad person that has done some disgusting shit. The reason why I made this google document is because I cannot let her get away with everything bad she does.

If she does try and make up a stupid excuse, I will do everything in my power to try and RUIN HER LIFE, LIKE HOW SYLBEA ATTEMPTED TO RUIN SELEIM'S LIFE WITH THOSE ACCUSATIONS.
